Compact and efficient roller doors are the easiest solution for homeowners looking to optimise their spaces while achieving aesthetic goals. As B&D; created the original roller door in 1955, we have broken down 7 advantages of roller doors in small spaces: Space saving design One of the most stand out features of roller doors is their space-saving design. Unlike, sectional doors or tilt doors, roller doors roll up into a compact cylinder above the opening. This design eliminates the need for extra headroom above the doors opening making it ideal for tight spaces where every inch counts. These days, many Australian home's are using the garage to store more than just a car. Garages are being used as storage facilities, home offices, music rooms or even additional bedrooms. All B&D; garage doors are made to fit every home's opening making no space too big or small to fit. Our network of garage door technicians around Australia will simply measure your doors opening and design a roller door to optimise space. Book in a measure & quote today. Ease of operation B&D;'s Roll-A-Door and Roll-A-Door NEO are engineered and manufactured to be easy to operate. The B&D; garage door remote controls feature TriTran+ technology which delivers advanced security, excellent range and reliable operation. The wall mounted remote sits flush against the wall inside the garage allowing you to easily open and close your door from inside. The B&D; Entry Keypad allows easy access through your roller door with a simple pin code. Grant access to your home with a simple click of a button. Durability Made from high quality Australian steel, even the smallest B&D; Roller Doors are designed to withstand harsh weather conditions and provide optimum security. Cost effective solution Investing in a roller door can be a cost-effective solution in the long run. B&D;'s high-quality materials ensure durability and low maintenance allowing your door to pass the test of time. Book in a measure and quote with a garage door expert today to find the perfect garage solution for you. Customisation All B&D; garage doors are custom-made to fit every home and family's needs. COLORBOND® steel's extensive range of colour options are available to seamlessly elevate any home's street appeal. TimberCoat Colours are also available to achieve a wooden-look roller door and soften a home's façade. Depending on the

measurements of your doors opening and garage sizes, a B&D; garage door expert will design a door to fit anywhere. Low maintenance Roller doors require minimal maintenance for homeowners. Regular cleaning of the door and tracks will help ensure it continues to operate between services. A service is recommended every two years to help ensure your roller door continues to operate at it's best for years to come and any issues are addressed before they become serious. Book in a garage door service today. Security B&D; roller doors can be fully automated for added security. Our automated openers feature automatic back drive technology which automatically drives the door back down if it senses someone is breaking in. B&D; roller doors are made from the highest quality Australian steel making them strong and reliable to protect every home B&D; Roller Door Range Roll-A-Doors Roll-A-Door Neo Roll-A-Door comes with two profile options to compliment every home design. Both offer the same strength, security and reliability. Roll-A-Door Neo provides convenience of a roller door with the look of a sectional door. This style of roller door features a unique castellated drum and mini-groove top sheet with curtain separator making it stylish yet durable. Ready to optimise your space with a roller door? Contact B&D; today to discuss your options and schedule a measure and quote. We have a network of garage door professionals who will assist you in choosing the perfect roller door to suit your needs.
