As a main assembly point, with family and friends coming and going, we understand that safety is paramount for a garage door. With several innovative safety and security features, a B&D; garage door will keep your family and belongings safe and secure. Added Security A standard garage door is vulnerable when closed. B&D;'s AUTO LOCK™ technology automatically secures your garage door with a heavy-duty bolt without manual intervention, ensuring your door is locked shut. Added Protection Accidents can happen in a flash. That's why B&D;'s sectional garage doors feature a pinch-free design to prevent fingers or hands from getting caught while the door moves. With pinch-free technology, everyone is safe, no matter how often the garage door is used. Safety and Security For extra safety and protection, B&D;'s safety beam will pause or reverse your garage door if there is any obstruction, providing peace of mind and convenience for people with mobility or disability challenges. Tough and reliable, our garage doors are built to stand the test of time. For over 65 years, B&D; has used the highest quality materials to craft our garage doors and consistently innovated and improved our products. Built to last As the inventors of the Roll-A-Door, B&D; has been at the forefront of garage door innovation. From our early days of on-site adjustments to our dedicated research and development team, we've continually perfected our products for durability and reliability. Market-leading Warranty As the only garage door manufacturer who manufactures garage doors and openers, we offer quality products that can't be found anywhere else. We believe in our products so much that we provide a market-leading 10-year warranty. Australian Made Safe, reliable and durable.
