Garage Doors and Openers Openers and Remotes Garage door automation There's huge value in installing a new garage door together with a motor. After all, the ability to drive in and out of your garage without having to get out to open or close the door is a convenience many simply can't do without! But did you know it also makes your garage safer and more secure? You also qualify for our 10-year total confidence warranty when you buy them at the same time as your new door. Smart as can B&D; Get A FREE Quote Get A FREE Quote Get A FREE Quote Explore our range of garage door openers and remotes Sectional Door Motors B&D;'s strong, secure sectional door motors provide smooth and reliable garage door control for many years to come. Sectional doors are made from sleek, rigid panels that move along the garage ceiling when the door opens and the opener sits on the roof to help pull the door up and down. Sectional door openers Sectional door openers Sectional door openers Roller Door Motors Smoothly and effortlessly operate your roller door with the touch of a button. A roller door rolls up like a carpet to sit at the top of the door opening. A roller door opener sits alongside the top of that 'carpet' (called the drum) to conveniently wind your roller door up and down safely. Roller door openers Roller door openers Roller door openers Commercial Door Motors Commercial door motors offer sophisticated opening technology and superior pulling power. They're strong enough to lift and lower commercial roller doors, sectional doors and shutters. They're built tough and secure so you can always trust that your commercial property is well protected. Commercial door openers Commercial door openers Commercial door openers B&D; openers are built different. Say 'Hey Siri, open the garage door'. Control your B&D; garage door with the sound of your voice! With full Apple Siri and Amazon Alexa integration you can now open and operate your garage door with nothing but your compatible smartphone. Simply download the B&D; app and connect your B&D; smart opener. Inbuilt auto-reverse and anti-tampering. If you've ever had a near miss between your car and your garage door you'll know how scary it can be. Luckily, all B&D; openers have our in-built auto-reverse system. The door will simply halt and reverse if it comes into contact with anything that shouldn't be there. Market leading 10-year warranty. Quiet, smooth and reliable

What matters most when automating a garage door is quick, quiet and reliable operation over many years. That's why B&D; motors include soft start-and-stop technology to slow the door at the very start and finish of the operation, thus reducing stress on the motor while also resulting in quieter, smoother operation. Convenient service alerts

The Smart Pro , Smart , Secure and Power Drive openers also include a service indicator light to alert you when the opener is due for its next service to maximise the life of the motor. Even your car isn't that clever! Book Repair & Service Book Repair & Service Book Repair & Service Dependable operation You can rely on your new B&D; garage door motor because our standard warranty backs our openers for over 10,000 cycles. That means your door is protected to go up and down 10,000 times! Or, when purchased together with a B&D; Garage Door, we'll go even further and really look after your new purchase with our 10-Year Total Confidence Warranty. That's 10 years of hassle-free operation. Garage Door Warranty Garage Door Warranty Garage Door Warranty

Why Choose B&D; Safe as can B&D; Reliable as can B&D; Quiet as can B&D; Smart as can B&D; Original as can B&D; At B&D;, we prioritise your safety. As a main assembly point, with family and friends coming and going, we understand that safety is paramount for a garage door. With several innovative safety and security features, a B&D; garage door will keep your family and belongings safe and secure. Added Security A standard garage door is vulnerable when closed. B&D;'s AUTO LOCK [™] technology automatically secures your garage door with a heavy-duty bolt without manual intervention, ensuring your door is locked shut.
