The B&D; Wind-Rated Roll-A-Door has been independently certified for use in all high-wind and cyclone-prone regions throughout Australia. Designed to provide resistance against high winds, B&D; wind-locked doors are ideal for homes and sheds, as well as commercial and industrial properties. Get a FREE Quote Get a FREE Quote Get a FREE Quote Key features of our Wind-Rated Roll-A-Door A timeless classic, you know and love Since 1956, Roll-A-Door has been the trusted choice for a classic look that never goes out of style. Available in a wide range of COLORBOND® colours, and exclusive Timber Look finishes, it's designed to complement any home. Built for lasting strength, each door features a unique pressed pattern for added durability—so it looks great and performs for years to come. Unique wind locking technology Our innovative wind-locking system uses a specially designed clip fitted to every Wind-Rated Roll-A-Door. In high winds, these clips keep the door securely in its track, reducing the chance of it being forced open. They also add an extra layer of protection against forced intruders, ensuring your garage stays safe and secure. Smart as can B&D; Smart as can B&D; Smart as can B&D; Built to last for years Every Wind-Rated Roll-A-Door is rigorously tested to withstand over 30,000 open-and-close cycles, ensuring long-term reliability. This complete wind-rated garage roller door system is engineered for maximum durability, strength, and security—giving you confidence for years to come. Reliable as can B&D; Reliable as can B&D; Reliable as can B&D; Not sure what wind region your home is in?
