I don't know how we put up with our old fashioned roller door for so long. Andrea, Adelaide Looking for something a little different? Garage door Insulation Insulation is available on all

B&D; sectional garage doors – a great feature that can keep your garage cooler in summer and warmer in the winter months. Perfect if you're using your garage as a home gym, office or chill-out zone for the kids. The reinforced insulated backing also makes your garage door stronger. It's a win, win! Insulation & Seals Insulation & Seals Insulation & Seals Garage door windows Sectional garage doors can often accommodate windows where other types can't. Windows on a garage door allow extra light and create a fantastic design element. Panelift Icon Panelift Icon Panelift Icon Architecturally inspired If you're building your home from scratch, B&D;'s Panelift Icon premium design finishes offers a range of architecturally inspired garage door designs that are as beautiful as they are functional. Enhance your home's design with Natural Finishes and Sheer Panel design options. Designer Finishes Designer Finishes Designer Finishes Extreme weather protection B&D; Panelift® sectional garage doors come in a variety of additional options to suit extreme weather conditions. Bushfire protection BAL-Maze Panelift® is the only garage door system to be independently tested by the CSIRO and confirmed to perform up to a protection level of BAL-40 in a bushfire. This superior seal-and-door system is available for Panelift and Panelift Icon sectional doors. BAL-Maze BAL-Maze BAL-Maze Cyclone protection Windpanel is designed to withstand 317 kph winds and is safe for use in all cyclone-affected regions throughout Australia as it complies with the National Construction Code requirements to withstand a Category 5-equivalent severe tropical cyclone. High-Wind Protection If you live in a storm prone region then the B&D; Storm-Shield door is a must. The extra strength of high tensile galvanised steel and patented track-lock technology, allows you to engage the door during a high wind event, preventing damage to your home.
