Simple tasks like washing down your door and lubricating moving parts can make a drastic improvement to the operation your garage door. If your door has a serious error or just needs a little bit of TLC please do not undertake any garage door repairs, call us and arrange for a qualified garage door technician to come to your home and fix your door or opener. Get A FREE Quote Get A FREE Quote Get A FREE Quote On this page Maintain your garage door Manuals and How-to guides Some simple tips to help maintain your garage door between services Protect against corrosion Assist with smooth operation Reduce wear on hinges Keep springs clean Wash down the external surface of your door with clean water and a soft brush or cloth every 14 days, or more often in coastal areas. Clean the internal sections of the guide tracks with a cloth dampened with mineral turps or methalyted spirits. For rolling doors, polish the tracks to remove dirt. NOTE: Do not grease the lock. Lubricate with an all purpose machine oil like RP7 or WD40. If accessible, wipe over springs with an oily rag. Need a professional? Call us today. Need a professional? Call us today.
